how does armed conflict shape global politics and critically can it ever be regulated a
necessary first step to achieving a more peaceful world this book examines the factors
that define and shape war in the contemporary world and how changes to technology
and society are transforming warfare focusing on efforts to regulate and eliminate war it
provides a guide to the complex problems it poses now and threatens in the future

this book presents a clear and comprehensive introduction to the diverse and wide
ranging ethical aspects of war and peace in a fair minded and engaging analysis nigel
dower introduces the different ethical theories in traditional and contemporary debates
realism just war theory and pacifism and subjects each to detailed critical scrutiny he
frames these debates within a related but distinct framework of three approaches to
international relations namely skeptical realism internationalism and cosmopolitanism
the book also identifies and evaluates two further important perspectives militarism and
pacifism whilst analyzing the advantages and disadvantages of the different outlooks
dower makes a strong case for a cosmopolitan pacifist position arguing that we need
to see peace in more positive terms than merely the absence of war the book uses a
wide range of examples from across the world and includes discussion of nuclear
weapons new wars terrorism humanitarian intervention and human security written as a
textbook for students who have no prior knowledge of philosophical ethics the ethics of
war and peace is designed to help students understand and see the relevance of how a
professional philosopher can engage ethically with the world each chapter contains a
helpful survey of its contents at the beginning and a set of questions for individual
reflection or group discussion at the end this book will be essential reading for students

of security studies conflict resolution peace studies philosophy and political theory and anyone interested in the ethical questions which arise from the study of war and peace

this study is a pioneering exploration of how rabbis in the religious Zionist community in Israel constructed a body of Jewish law on war it focuses on five leading rabbis in this camp and how they dealt with a number of key moral issues that the waging of war raised

part 2 of the cooperation for a peaceful and sustainable world volume brings together some of the leading researchers on peace science chapters discuss issues including but not restricted to military expenditure and economics in China India and Pakistan peace science in South East Asia and approaches to anti terrorism

the essays in anticipating total war explore the discourse on war in Germany and the United States between 1871 and 1914 the concept of total war provides the analytical focus the essays reveal vigorous discussions of warfare in several forums among soldiers statesmen women's groups and educators on both sides of the Atlantic predictions of long cataclysmic wars were not uncommon in these discussions while the involvement of German and American soldiers in colonial warfare suggested that future combat would not spare civilians despite these anticipations of total war virtually no one realized the practical implications in planning for war in the early twentieth century
